## Your 2017 Annual Reunion Accommodations!

Come enjoy the only hotel on the waters of Corpus Christi Bay as part of your CVA-43 Annual Reunion experience, beginning Oct. 4, 2017.

The story of the Emerald Beach Hotel begins in the early 1960's when hotel and casino entrepreneur

Wilbur Clark dreamed of opening

a chain of luxury hotels across the country, "from California

to Georgia and Texas to Washington." On a stretch of Corpus Christi waterfront he considered to be the most picturesque on the North American coastline, ground was broken for Wilbur Clark's Crest Hotel.

## President's Corner

Greetings shipmates, The 2017 reunion is set for October 4 through October 7 in Corpus Christi, Tex. at the Emerald Beach Hotel. The hotel sits right on the beach and is in the middle of downtown Corpus.

The city is going to furnish maps and discount tickets to

several attractions. Get your reservation in as soon as possible. I have the tour of the USS Lexington set for October 6. This will be an open tour of what you want to see aboard. There are elevators up to the flight deck and the transportation is set for pick up and returns at the hotel.

After contacting the Naval Air Station, I

was able to schedule the Commanding Office to speak to us at the Saturday night banquet. He will discuss the direction of the Navy and the new regulations. The USS Coral Sea plaque is set to be in place sometime in February; I plan on being there for the dedication. I will have more on this

## CVB/CVA/CV-43

October 1 1947  
April 30 1990

Named after the famous World War II Battle of the Coral Sea fought in May 1942, she was commissioned at Norfolk Naval Base on October 1, 1947. The last of the three Midway class carriers, she would go on to earn numerous awards, accomplish many firsts for US carriers and serve with distinction throughout her career. USS Coral Sea, more than any aircraft carrier was built to steam, to fly airplanes and to do battle. It was the spirit and morale of all her crews who manned the ship over her 43 year history that made USS Coral Sea more than just a ship.

- First Long Range Nuclear capability by launching P2V bombers in 1948
- Evacuated Americans from Egypt during Suez Crisis 1956
- Show of force deterrent against Soviet aggression in the 40's & 50's

## Coral Sea Cadet Winter Update.

Great News! The Division Commander, Brad Webster, was promoted to LCDR.

Two more of our Cadets, newly appointed Sea Cadet Chief Petty Officer Nathan Coles, and Cadet Jarren Peng, have received their appointments to the US Naval Academy. After graduation this June, they will begin the Academy prep school. That will give the Coral

Sea Division three former cadets attending the Academy. Second year Midshipman, Sophia Luevano, is majoring in Law and plays in the Academy Band. I know of no another USNSCC unit that will have three Naval Midship-

men attending the Academy in a two year span. During the last news letter it was mentioned that Cadet

### Secretary's Corner

Greetings Shipmates, I do hope that all of you had a great Christmas and New Year. With the New Year comes paying dues and I want to thank all of you who have done that already. Please note that if your dues expiration date is in red on the address label, you are in arrears. Also, if 80+ appears on your mailing label, that means that your birthday is prior to 12/31/1932 so you do not need to pay dues. Also, all plank owners do not need to pay dues. They're designated on the mailing label as P.O. However, the Association is very grateful for any and all

donations that you more senior Shipmates can make!

Regarding the Association roster, many Shipmates ask about publishing contact information, etc. about the Association membership. The Board of Directors is reluctant to do this due to privacy concerns. However, we want to allow members to know who does belong to the Association. The current membership application asks if you want your contact information published. I note your answers on the main roster and rest assured this info is not published to anyone. My suggestion is that the Association make available on its website the following info

only: name, rate/rank, division, squadron and years aboard Coral Sea. Again, no US mail addresses or email addresses will be published. I ask that you all let me know if this is suitable. A proposal of some kind will be on the agenda for the 2017 reunion business meeting.

All of you who are planning to attend the 2017 Midwest Spring Fling need to check out the sign up form in this issue. We're planning a couple special events this year, so I do hope that you all can attend. As always, we'll have a great time. The date for the Spring Fling is

## Casualties...Remembering the WWII Pacific Theater.

"CASUALTIES." It means different things to the many readers of reports from the World War II, whether your interest lies in naval or ground forces in the Asiatic-Pacific campaigns or the European theater.

The words "minimal casualties" were used quite often to describe our personnel losses during a battle. In combat, a "casualty" is a service member who is killed, wounded or injured in any way that causes him to be removed from the combat operation. There is no such thing, however, as "minimal" casualties. Any casualty is not minimal to the mother, wife, brother, dad, etc. of the deceased. (My heartfelt thanks for the service members who gave all for their country, and for those who grieve for the brave men and women they have lost forever.)

When involved in a fierce battle

there is much bloodshed, injuries and confusion. The spontaneous and uncontrollable thoughts and reactions of the wounded--and witnesses to those who are in severe pain--includes hate, fear, vomiting, sick, fainting, rage, aggression, why me, why not me, screams, unbearable pain, massive bleeding, more morphine, medic, corpsman, those S.O.B's, chaplain, mom, dad, help me, please, someone help me, agony.

Invasions in the Philippines were very bloody (as is true for all the invasions of the Pacific islands). The only people who can actually understand the reality of combat are those who have lived it and are alive to tell it. However, it is extremely painful to recall the horror. I write this only because it needs to be told, although it digs deep into

I also will be renewing my efforts with the new Secretary of The Navy on naming a new warship the USS Coral Sea. I got nowhere with this when dealing with the previous NAVSEC. Wish me luck.

To those who make the Spring Fling in Kentucky in April, I

This is a great time to get together and tell all of our sea stories again.

If you have any questions or a request, do not hesitate to call or email. I look forward to being of service to all members.

### Casualties...

my memories and heartaches; it causes terrible nervousness, tears and loss of sleep. I tell it so EVERY-ONE WILL KNOW HOW HORRIBLE it is to send men and women into war.

And now, suddenly out of nowhere, mortar rounds are blasting our troops from all sides. Arms, legs and other body parts were flying all over the place. Blood was hitting me in the face, and then an arm smashed into my chest. A hand and part of a forearm hit the back of my head. It made me sick. I vomited. More bloody legs and parts of the torso were hitting me from all directions. My clothes and hands were covered with blood and parts of men.

I fired back into the jungle, not knowing where the mortars were coming from. I tried to help the wounded. A piece of flesh hit and stuck to my forehead. I realized I was getting sick. A sailor next to me

hollered, "When is it going to be my turn?" Three seconds later his head was blown into many pieces as he was trying to crawl to another wounded sailor. Parts of him were all over my face, head and right arm.

I'm getting sick...when is it my turn...blood is getting into my eyes and nose. I tried to wipe the blood off my lips, and then I licked my lips and tasted more blood. A piece of flesh got into my mouth and I vomited again.

Now I'm covered with blood and body parts. None of the blood was mine except for a slightly bloody nose. I don't know how I got the bloody nose, nor do I know why I was not hit with any mortar rounds. Suddenly I got knocked down from behind; dazed, disoriented, my eyes closed.

Without moving my body, I opened my eyes slowly. What I saw made me scream. My face was in a pool

### Treasurer's Corner

Greetings Shipmates, As you read this, spring is just around the corner and planning for the annual reunion in Corpus Christie is underway. The raffle tickets are enclosed and I hope you will all participate in this fund raiser.

The Memorial Plaque project is moving forward at flank speed. The application and check have been sent and the first proof of the plaque has been

received, changes and corrections have been made and resubmitted to Mt Soledad. We are now awaiting a corrected proof. Hopes are we will have a plaque honoring our great ship on the National Veterans Memorial by the end of February. You can view the memorial site at [www.soledadmemorial.com](http://www.soledadmemorial.com) and view the proposed plaque on the Association web site.

The Association is financially sound and maintaining a

good ratio between revenue and expenses. Check the address label on your copy of Sea breeze; if it's red, your dues are past due. Your dues are the financial life blood of the Association, so may I encourage you, if your dues are do, please send in your payment today.

of blood and lying directly against the battered head of an enemy soldier. The rest of him was completely gone. A sickening experience. I regained my composure when I heard a man hollering for help. He was bleeding profusely, one leg mostly gone. He told me to stop the bleeding so he could get back at those S.O.B's. This was a brave and dedicated sailor. I hollered as loud as I could for a corpsman to help him, but enemy soldiers were closing in on us. So we continued to fire our carbines into lines of the enemy.

We were killing them by continuous small arms fire. More and more of them fell at our feet, mutilated, blood flying everywhere around us. I stumbled over a couple of dead

Japanese as we forged through their defenses. I kept firing as my left leg buckled under me and my face ended up in the bloody stomach of the enemy. Sick again, I wiped the blood off my face and arms and continued to assault the enemy with our group.

We finally secured the island. I did not know any of these men personally, but I do know these brave, valiant men performed well against heavy opposition, knowing they could be killed at any moment. They were dedicated to their responsibility, acting "ABOVE AND BEYOND THE CALL OF DUTY."

**2017 Remembrance  
Scholarship Update**

Shipmates, our 2017 USS Coral Sea CVA-43 Remembrance Scholarship Program is getting off to a good start. I received 8 (eight) requests for packets. Since our entry deadline was February 15th to request a packet for your student, I hope all sponsors responded in time! Also those of you who have given a packet to your senior, please remind them of the date to get his/her application to me. The packets **MUST** be mailed to me **NO later than** April 1, 2017. This year we are able to give

out \$2000 and \$1000 scholarships. I am encouraged every year with the responses I receive for the packets. This is a great way to keep the memories of our "Ageless Warrior" alive. Everyone have a great spring and I'll have the names of our recipients in the June "Breeze."

Fair winds and following seas to all,

*Jon*

**Secretary's Corner...**

April 27-30, 2017. Please contact me if you need further information.

I have to correct one listing in the December issue of *Sea Breeze*. I accidently listed Shipmate Joel Stanley as deceased when in fact he's a new member of the Assoc. Sorry about that mistake Shipmate Joel!

As always, I'm at your service & I always enjoy hearing from Shipmates. Please contact me if I can assist you. Godspeed!
